

OPERATIONS ENGINEER

Looking for a new challenge in a great team and an exciting industry? We are looking for a team player who can help us strengthen our Operations & Support team.

As an Operations Engineer, you will take part in **setting up and maintaining Linux environments** with DevOps tools like Ansible and Docker. Cloud providers like Rackspace and AWS should have no secrets for you. You will help **identifying and providing solutions for operational challenges** with tools like New Relic.

In addition, you interact with other teams in the company to help growing the business and keeping the customers happy!

YOU ARE

- Passionate about software, server technology & cloud solutions
- Self-motivated, flexible & responsible
- A Master or Bachelor in Informatics or equivalent through experience
- Proficient in English speaking and writing
- Having experience in cloud solutions is considered a plus.

WE OFFER

A great place to work, a challenging environment and ample responsibility to work in our operations team. In addition, a competitive salary package is coming your way, including meal checks, group insurance, hospitalisation insurance and a laptop

... and you'll be part of changing the way aviation works!

ARE YOU INTERESTED?

Give us a call on **+32 (0) 11 72 10 30**
