

iOS DEVELOPER

Looking for a new challenge in a great team and an exciting industry? We are looking for a team player who can help us develop our Aviobook product suite even further.

As an iOS developer, you will be working on our **Aviobook Crew-apps**, used by pilots and cabin crew worldwide to process information and communicate with their operations department.

You will work closely with a Product Owner and UX designer to **translate new requirements and designs into code** to continuously improve our apps.

YOU ARE

- Passionate about creating software apps
- A Master of Bachelor in Informatics or equivalent through experience
- Experienced in iOS development
- Having experience in both Objective-C and Swift is considered a plus

WE OFFER

A great place to work, a challenging environment and ample responsibility to work in an experienced agile team. In addition, a competitive salary package is coming your way, including meal checks, group insurance, hospitalisation insurance, a MacBook Pro and a company car

... and you'll be part of changing the way aviation works!

ARE YOU INTERESTED?
